## DELEGATES ARRIVING IN CHICAGO

### Big Republican Convention Opens Tuesday.

### VICE-PRESIDENTIAL NOMINATION ISSUE

Indications Point to Fact That Meeting Will Lack Excitement of Other Gatherings.

### FAIRBANKS WILL NOT SPEAK OF HIS CANDIDACY

La Follette People to Make Desperate Fight Before Credentials Committee and Will Carry Struggle to Bitter End—Hansborough Enlisting Recruits.

(By Associated Press.)

CHICAGO, ILL., June 18.—The advance guard of the delegations to the Republican National Convention has arrived in Chicago, and the greater number of them are expected to come to-morrow and on Monday morning.

The running of the Derby to-day interfered sadly with the political game, as nearly all the members of the National Committee and great numbers of the delegates departed their homes to visit Washington Park.

From all the advance indications the convention promises to lack something of the excitement of other gatherings of its kind.

The chief interest so far centers in the vice-presidential nomination. The opposition to Secretary Cortelyou for chairman of the National Committee seems to be dying out somewhat, and various members of the National Committee predicted to-day that he would be elected without opposition.

### Fairbanks Will Not Talk.

Congressman James A. Hiramway, of Indiana, who is a close friend of Senator Fairbanks, said to-day that the senator would not make a statement of any kind; that he would accept the nomination if it is presented to him, but that he will not declare that he wants it.

John Webster, of Nebraska, who is a candidate for Vice-President, arrived during the afternoon and registered at the Palmer House, where the Nebraska delegation will make its headquarters.

There is a strong Hitt sentiment in New York," said Mr. Root, "and we are of opinion that he will make a strong showing in the contest that Senator Fairbanks has expressed no wish for the place has served to aid the candidacy of Mr. Hitt."

## FELL ONE HUNDRED FEET OVER CLIFF

Major Folsom Pitches Over Precipice and Sustains Mortal Injuries.

(By Associated Press.)

BRISTOL, TENN., June 18.—Major H. M. Folsom, of Elizabethton, Tenn., one of the oldest and best known men in this section of the State, fell over a cliff, a distance of one hundred feet, on the banks of the Watauga River, near Elizabethton, to-day, sustaining injuries which will prove fatal. No one was with him at the time, and he lay at the bottom of the cliff for several hours before his groans attracted a passing mountaineer. Major Folsom is seventy-five years old, and several bones broken, there is no hope of his recovery. He was returning from a fishing trip when he stumbled and fell, rolling over the edge of the cliff.

## HIGHBALL WINS DERBY

Great Event at Washington Park Is Captured by William Schettel's Eastern Colt.

### BOOKMAKERS ARE ABSENT

Favorite English Lad Is Out of the Race—Long-Shot Woodson Second.

(By Associated Press.)

CHICAGO, June 18.—Without feeling the touch of whip or spur, and running entirely on his own courage, Highball, the three-year-old colt which William Schettel brought to Chicago from the East, won the American Derby at Washington Park to-day. L. B. Dickerson's Woodson, one of the long shots in the race, was second, half a length in front of John A. Drake's Rapid Water, English Lad, favorite before the race, was fourth, hopelessly beaten, although he was coming strong at the end. The time 2:25, equals the best time ever made for this event.

### No Bookmakers in the Ring.

For the first time in the history of the event, the betting ring to-day was without bookmakers. There was some betting, of course, but it was without the knowledge of the 300 policemen scattered over the grounds, in command of Assistant Chief of Police Schuttler; private detectives made up the rest of the army of 800 that were at the track to enforce the law and prevent betting. None was necessary, however, as there was practically no attempt to break the law. Any bets that were made were handled secretly.

### The Start.

Proceeds shot to the front at the start, and retained his lead until opposite the clubhouse, where he commenced to fall back. All this time Fuller, on Elkhall, had rated his mount about two lengths behind, but was within call of the leader, English Lad, after getting off sixth, soon fell back to thirteenth place, and this he remained for more than two furlongs. Moharib, next to English Lad, the most heavily backed horse in the race, was less interfered with. He was third in the stretch. On the back stretch, Proceeds faded away to nothing, while Highball moved up and took command. Moharib hung on gamely, but was overtaken by an instant, but back, but came again and headed Woodson. The latter came with a fine burst of speed at the close and finished half a length in front of Rapid Water, English Lad, who had found clear sailing.

## SIEGE OF PORT ARTHUR BY BOTH LAND AND SEA

Minister of Marine at Rome Hears of Latest Attack on Beleaguered Fortress and Also That the Harbor is Again Blocked.

### TRANSPORT IDZUMI IS SUNK

(Special Cable to The Times-Dispatch, Copyright, 1904.)

ROME, June 18.—The Minister of Marine has received a telegram from the Italian consul at Tien Tsin, which states that the Japanese have renewed the siege of Port Arthur with great vigor, both from sea and land. The entrance to the harbor is again partially closed, but the Russians are destroying the hulks sunken there with heavy explosives and it is claimed, expect to be able to clear the passage for their largest ship within a few days. Several of the largest of the Japanese armored ships are taking turns in enforcing the blockade and the junk trade with the mainland is entirely cut off.

TOKIO, June 18.—9 P. M.—In addition to sinking the Japanese transport (Hitachi) and shelling the Seido, the Russians sank the Idzumi, a transport, homeward bound, carrying a few sick soldiers. Three boats from the Idzumi reached shore. The losses on the Idzumi are not known.

### Japs Bending Every Effort to Destroy Vladivostok Fleet.

(Special Cable to The Times-Dispatch, Copyright, 1904.)  
LONDON, June 18.—In to-day's news from the Far East, the most interesting feature is the report that the Japanese are bending every energy to bring about the capture or destruction of the Vladivostok squadron. These formidable and swift-moving cruisers have, by their rapid and mysterious movements, given Japan more cause for dread than the heavy battleships of the Port Arthur fleet, and there is good reason to believe that their latest dash through the sea of Japan and Korean Straits during which two Japanese transports were sunk, has been the means of delaying the land and sea attack on Port Arthur and St. Petersburg asserts that this was the Russian fortress. The War Office expresses itself as being satisfied with the result of the scheme, even at the heavy expense of nearly ten thousand men.

### Reports Say Port Arthur Fleet Has Escaped.

Many rumors of mysterious movements of Russian warships have come from the East to-day, some even hinting that the Port Arthur fleet has escaped and is on its way to join the Vladivostok squadron. These reports, however, lack confirmation. Military operations in lower Manchuria are shrouded in mystery, the only news of military coming from Chinese sources. From Tien Tsin, there comes a report that Kuroki has marched to the relief of Stakelberg, while Kuroki has thrown forward a strong force to intercept his advance and crush the remnants of the defeated army. Another report says that the Japanese are preparing to cut off Kuroki's retreat to his base at Liao Yang. If this report can be relied upon the Russian position is fraught with the gravest danger and a decisive battle cannot be delayed many days.

## LIVE STOCK MAN SHOOT'S THREE

Innocent Bystanders Receive Stray Bullets and Fatally Wounded.

(By Associated Press.)

ST. LOUIS, June 18.—Zach Mulhall, live stock agent of the St. Louis and San Francisco Railroad, to-night shot three men. One of them, an innocent bystander, named Ernest Morgan, is believed to have been fatally wounded. He was shot in the abdomen. The other man was Frank Reed, boss hostler of the Wild West Show, and John Murray, one of the cowboys. They are being cared for at the Emergency Hospital, on the World's Fair grounds. The doctors say that Morgan will die.

### The Shooting was the culmination of trouble between Mulhall and Frank Reed over the question of authority.

Japs Make Four Unsuccessful Attempts to Blockade Harbor of Port Arthur.

(By Associated Press.)

## MAN'S FICKLENESS TOO MUCH FOR THEM

Fairfield School Board Will Employ No More Male Principals.

(By Associated Press.)

An interesting situation has developed in the Fairfield High School, of Henrico, involving a serious commentary upon differences in degrees of satisfaction and the fickleness of mankind.

For some years past the principal of the school has been of the masculine sex. But it has invariably happened that when some capable man was put in the office, he would leave after a year or two for higher position. A member of the board said yesterday that the ambition of the man principal always led him to cast his eyes about for something better.

The principal of last year, a man, has not applied for reappointment, and it is said, that he will accept a professorship in some college. The board is prepared to receive and consider applications—from women. No men will be considered. This is in interesting confirmation with the determination of the board.

### BANDIT WANTS MONEY FIRST

Sheriff of Wazan Mentioned as Man to Effect Exchange With Him.

(By Associated Press.)

WASHINGTON, D. C., June 18.—A cablegram received at the State Department from Consul-General Gummere, at Tangier, in confirming the press report that the Sultan has agreed to all of Rauls's terms, adds that the money ransom, \$50,000, was to be paid over to-day. Mr. Gummere expressed grave doubt as to advisability of making this payment before Perdicaris and Varley were actually released and safely returned to Tangier.

In his cablegram, the consul-general states that Rauls's negotiator returned to Tangier last night, reported that the terms had been accepted and the money, as well as the prisoners immediately turned over to Rauls at Tangier, where he is now located and the captives will be released.

### LOU DILLON LOWERS THE AMATEUR RECORD

(By Associated Press.)  
CLEVELAND, June 18.—Before a crowd of ten thousand and horse lovers in Glenville to-day, Lou Dillon, the trotting man, driven by his owner, C. K. G. B., was sent a mile to the wagon to beat the record of 2:10. The mare made the distance in 2:05-1-2. The last 1-4 was made in thirty seconds.

## AMERICAN YACHT LEADS THE RACE

Schooner Owned by Morton Plant Goes After Emperor William's Cup.

(By Associated Press.)

DOVER, ENGLAND, June 18.—In a fine northerly breeze fourteen yachts started this afternoon in the race to the island of Heligoland for Emperor William's cup. There was much more interest in the contest this year than heretofore, as it had been given an international character by the admission of American, French and German competitors. The Stars and Stripes were represented by a sole entry, the schooner yacht Ingomar (owned by Morton P. Plant, of New York).

The greatest interest centered in the showing she will make against the European two-stickers. Captain Barr confidently predicts her victory, and to confirm his view the Ingomar went into the front and off the Foreland was leading the fleet, sailing in magnificent style.
